CMCC Doc. No. 151.629
Copy 2 of 3
Copy 1 of 1

Dear George:

1. In accordance with your request of 29 April 1955 to Burt, we are submitting herewith in triplicate our cost estimate for the delivery of:

(1) 40 complete systems of Type 1.

(2)

(3)

(4)

25X1D

Because testing of the above equipment cannot be accomplished readily without the special test set developed under Contract A-101, the present quotation includes the cost of providing four test sets. Should the contracting agency prefer not to procure the test set equipment, the cost allotted to the provision of this item may be subtracted from the total, and the quotation altered accordingly.

2. The total cost including fee, estimated on a cost-plus-fixed-fee basis, of manufacturing and delivering the equipment on which a quotation was requested, is estimated at

25X1A

3. Tentative production specifications for the equipment covered by this proposal accompany the cost quotation.

4. The delivery schedule proposed on this equipment is appended to the cost estimate. It will be possible to alter this delivery schedule somewhat if such alteration would more nearly meet the needs of the contracting agency.

Sincerely,

Dean
